NGUYỄN MINH PHƯƠNG

Software Engineer Intern

phuongnm150505@gmail.com | +84 896 980 529 | Ho Chi Minh City | github.com/minhphuong150505 | linkedin.com/in/phuongnm150505

TECHNICAL SKILLS

Programming: TypeScript, JavaScript, Java, Python, SQL, HTML, CSS
Frontend & Mobile: React, TypeScript, Tailwind CSS, HTML, CSS, Android, Retrofit
Backend: Spring Boot 3, REST API, JWT, OAuth2, FastAPI, Node.js, Express (course project)
Database: PostgreSQL, MySQL, Flyway
DevOps: Docker, Docker Compose, GitHub Actions, Nginx, Caddy, GCP, Linux
Tools: Git, GitHub, GitLab, Postman, Jira, Agile / Scrum, AI tools (Claude Code, Codex, GitHub Copilot)

KEY PROJECTS

Lensora - Camera-Gear Marketplace (Android + Backend) | Course project • Team of 4 GitHub
Tech stack: Java, Spring Boot, Spring Security, RestTemplate, PostgreSQL, Flyway, Android, Retrofit, Docker Compose, Postman

- As lead developer (1 of 2 developers), designed the JWT-secured Spring Boot REST API for buying, selling and renting photography gear (auth, products, cart, orders, rentals).
- Turned buy / sell / rent business rules into a PostgreSQL schema managed with Flyway; integrated MoMo payment and GHN shipping via RestTemplate (JSON APIs, HMAC-verified payment callbacks) plus a catalog-grounded DeepSeek chatbot.
- Built the native Android client (Java / XML, Retrofit) on the same API and verified end-to-end checkout and rental flows with manual and Postman testing across all 11 API modules.

Chinese Learning Platform - Full-Stack AI Web App | Personal project • Solo GitHub
Tech stack: Java 21, Spring Boot 3, Spring Security, WebClient, Python, FastAPI, React, TypeScript, PostgreSQL, Flyway, Azure Speech, Docker, GCP

- Designed, built and deployed the whole product alone in under 2 months; used by friends, and iterated on their feedback.
- Backend: layered Spring Boot 3.3 (Java 21) REST API (controller / service / repository) with stateless JWT + Google OAuth2, orchestrating an LLM provider (chat, translation, writing feedback), Azure Speech and a Python FastAPI service for TTS and F0 tone analysis; API keys stay server-side.
- Frontend & deployment: React + TypeScript single-page app for chat, pronunciation, translation, writing and HSK practice; PostgreSQL schema versioned with Flyway; every service containerized with Docker and deployed on GCP behind Caddy HTTPS.

BABE 26 - Event Landing Page & Registration | Freelance project • Solo GitHub
Tech stack: Java 17, Spring Boot, Spring Data JPA, MySQL, React, TypeScript, Tailwind CSS, Docker Compose, GCP, GitHub Actions, Resend

- Built the landing page and registration system for BABE Laboratorios' first running event in Vietnam: a Spring Boot (Java 17) + JPA + MySQL API with a JWT-secured admin dashboard and email confirmation via Resend.
- React + TypeScript + Tailwind frontend with a Leaflet route map; deployed to production on GCP with Docker Compose and a GitHub Actions workflow.

WORK EXPERIENCE

FPT Software | Java Developer Intern Ho Chi Minh City | May 2026 - Oct 2026
Project BUHINH - modernizing a Japanese automaker's material management (BOM) & production-cost estimation system
Tech stack: Java EE, Spring Boot, Spring MVC, JSP, JavaScript, JDBC, JPA, Lombok, Maven, SQL, GitLab, Jira, GitHub Copilot

- Migrated legacy Java EE sub-systems to Spring Boot / Spring MVC as Maven multi-module projects, converting each layer with GitHub Copilot under the team's prompt rules and hand-reviewing every pattern the AI flagged.
- Verified migrated JSP / JavaScript screens for functional parity and traced data errors through SQL trace logs; Scrum sprints on Jira, GitLab merge requests reviewed by the team lead.

EDUCATION

University of Information Technology (UIT) - VNU-HCM | Information Systems 2023 - 2027
GPA: 8.5/10 | Expected graduation: Jun 2027

AWARDS AND CERTIFICATES

- Outstanding Student - UIT - VNU-HCM, Semester 2 of academic year 2024 - 2025 2025
- Academic Scholarship - UIT - VNU-HCM, Top 8% of major, awarded for 2 semesters 2023 - 2025

LANGUAGES

English: B2 (CEFR) equivalent - reads technical documentation with ease and communicates confidently in a professional setting
